

“Above All In Service
(our theme line and
rallying cry) means
building a very caring
team behind you—the
satisfaction of your
own local Agent and
the strength of ERIE.
It all began when our
founder, H.O. Hirt,
raised the letters ERIE
out of the word service
to remind us of what
we are reaching for
every day.”

People recommend us to their family and friends and business associates.

Most people don't even know we've been around since your great-grandmother's time. And through all of those years, people have said we've done a good, thorough job. Honestly, we just try to treat people the same way we'd like to be treated. And because of that, they recommend us time and time again.

Special ERIE features include:

- **A local Agent to help you make sense of the confusing world of insurance**
- **Award-winning claims service (even comes with a cash card for emergencies)**
- **Affordable coverage that will leave money in your wallet**
- **Complete protection that goes above and beyond standard coverage (there are enough surprises in life—you don't need them in your insurance policy!)**
- **Auto**—Loaded with built-in extra features and discounts for qualifying drivers.
- **Home**—Whether it's your first apartment, your first home or a condo on the links, ERIE has a policy that's just right for you.

- **Business**—Protection for your business, large or small

- **Life**—Your ERIE Agent will help keep life simple. A full line of life and annuity products can provide protection for the ones you love and ensure a financially secure retirement.*

People have said when it comes to service, there is nobody better than ERIE. They say we are like a big insurance company that doesn't act like one. **Our Agents like the sound of that and appreciate that their hard work is talked about.**

*Life insurance not available in New York.
